

MAKE YOUR OWN FISH BOWL

By Quickcraft

- 1** Print page two and three. Children are to colour or collage the fish, on page three, and cut them out.
- 2** Colour the water in the fish bowl and add some plants if desired. Glue the fish in their own arrangement into the bowl.
- 3** In the remaining spaces, draw in your own little fish. Once finished and dried, display around your room or allow children to take home and stick on their wall.

You will need

- ▣ Coloured pencils, felt pens or crayons
- ▣ Scissors
- ▣ Glue
